Don't forget the O.E.S. card party on the evening of January 12th. In the Community hall.

Hockey skates and shoes, new or second hand, at very attractive prices.

The meeting of the Curling Club will be held at a full report will be carried in next week's paper.

Good companions to travel with, only one

Slimee Set left. These are made by J. McLaughlin & Co. and are of fine quality merchandise. In this effort, here is the price is right.

"Drink," said the Irish preacher, "is the greatest curse of the country. It makes you quarrel with your neighbors. It makes you drunk at your land. And it makes you miss him."

If you require a heater, we supply you with the Phillips Super Heater. The construction is longer burning local coal.

Local Hospital News. Messrs. Barclay, Le and Hill are all able to kill the nurse.

Hockey sticks and curling brooms are in stock. We are carrying a good assortment on hand.

The Valcan Bridge Artists took the Champion Club into camp on the last days of 1936.

One of the local crew was awarded a five year certificate going on a voyage to the North Pole. Here is a chance to start the New Year right.

The railway carriage was crowded as the young man opened the door and asked in a "savage" voice: "Is this the reply from the grumpy man in the corner. 'We're all here except the ass. Come in.'"

It appears that the introduction into Canada and the West of the famous Red Fife wheat, which was not only of superior quality itself, but also one of the parents of Marquis, Reward Giant, Thatcher and other good varieties.

It appears that in 1842 David Fife, of the township of Orono, Canada West, (now Ontario) asked a friend in Glasgow, Scotland, to send him a little wheat. This friend took a small quantity from a large ship which had just arrived from Hong Kong. David Fife received this and needed it, but only had one bushel.

These were carefully preserved and seedling again and proved to be a wonderful wheat, which was soon given the name of Red Fife.

Red Fife was imported into Montana in 1870, and the first shipment of wheat from Western Canada, made in 1870, consisted entirely of Red Fife. This established the high reputation of Canadian wheat on the world's markets.

David Fife made little or nothing of his selection, and the one of his Scottish friends who made the valuable gift to us is not even known.

Following factors have tended to raise prices—Persistent wet weather in the southern hemisphere lowers the quality and quantity and delays the movement of grain—Heat.

Short crop in Russia inefficient and of inferior quality.

Russia's wheat production for 1936 reported as 22 million bushels compared with 24 million in 1935.

Continued unsettled European conditions.

Following factors have tended to raise prices—Large U. S. winter wheat acreage indicated, with production activity over the middle of the season, rice and potato crops larger in 1936 than in 1935—U. S. Department of Agriculture reports surplus world wheat supplies during present crop year—Reports of considerable surplus of Turkish wheat, barley and corn for export this season.

The World of Wheat

By H. G. L. Strang, Director, Research Department, Seale Grain Company, Ltd.

A Scotchman made perhaps the greatest gift ever sent to Western Canada and received nothing in return.

This refers to the introduction into Canada and the West of the famous Red Fife wheat, which was not only of superior quality itself, but also one of the parents of Marquis, Reward Giant, Thatcher and other good varieties.

It appears that in 1842 David Fife, of the township of Orono, Canada West, (now Ontario) asked a friend in Glasgow, Scotland, to send him a little wheat.

This friend took a small quantity from a large ship which had just arrived from Hong Kong. David Fife received this and needed it, but only had one bushel.

The seventh annual New Year's ball under the auspices of the local O. O. R. P. was held in the Champion Community hall on Thursday, December 31st, a large crowd being present.

The music was furnished by the local orchestra, Don's Rhythm Vendors. For those who enjoy ashering in the New Year with boisterous revelry, this novelty dance was all that could be desired.

At midnight, supper was served in the lower hall by ladies of the O. O. R. P., who kept up their reputation for catering. A fine big turkey was raffled off, and won by George Smith.

The January 12th, 1937 meeting of the Women's Institute is to be at the home of Mrs. G. Volsey. Roll Call—A Notable Event in 1936. Refreshment convener, Mrs. R. D. Farries.

Mr and Mrs. John Otholmer left for Vancouver last week, having received the news of the serious illness of Mark Denney, who is in the hospital in Vancouver.

The Teacher's Institute will meet in the Carmargay school on Saturday, January 16th, at 2 p. m. All members are requested to be present.

Owing to the local being full, some patients had to be recommended to private homes. Mrs. E. H. Hopkins was an operative case.

Millions of "Little Savings" Make Up Life Insurance

LIFE INSURANCE ASSETS—large in the aggregate—actually consist of the "little savings" of more than 3,500,000 Canadian policyholders. The great majority of these policyholders are men and women of moderate means, whose thrift often involves personal sacrifice.

Sharing in the protection and financial security of Life Insurance, are people from every walk in life—including thousands upon thousands of wage earners whose individual savings are necessarily small. That is why Life Insurance is rightly regarded as Canada's greatest co-operative enterprise.

Consider what *your savings* in Life Insurance mean to you and your dependants, in protection and peace-of-mind. Then you can realize what millions of similar savings mean to the people of Canada.

These combined savings in Life Insurance, which total more than Two Billion Dollars, are invested so that every obligation to policyholders and beneficiaries may be promptly and fully met.

Day after day, year after year, "little savings" in Life Insurance accomplish great things in aiding the widows and fatherless—in educating children—in making older men and women financially independent.

Don't Lose Money

Crops consisting of mixed or unsuitable varieties grade and yield poorly, so lose money to the farmer. The higher the price of grain, of course, the greater the loss suffered.

The use of good seed will avoid these losses. See the nearest Searle (Home) Agent about securing good seed at cost price.

Coming from the northwest with snow, a strong wind early Monday morning created a blizzard over the district that blocked roads in some spots and put a check on business for awhile, this followed a couple of days of mild weather that nearly reached the stage of a warm chinook Sunday, however, the weatherman thought different and sent the temperature down around the fifteen below mark.

The church of St. England service on Sunday afternoon, was in charge of the local A. Y. P. A. In the absence of Rev. T. B. Winter, through illness, J. L. Price, Peoples' Warden, conducted evening prayer. A mixed choir led the singing, with Miss Rheta Campbell at the piano. The following hymns were sung, "Hail, the Herald Angels," "As with Gladness," "He Thou my Guardian and my Guide," "Sweet Saviour Bless us ere we go," and the Vesper hymn, "Lord keep us safe this night." The sermon was preached by S. Linstedt, and Hugh Miller read the lessons.
